2023 Plan Benefits

Reminders About Dual-Eligible Cost-Sharing

Since patients in Peoples Health special needs plans (D-SNPs) are dually eligible for both Medicare and Medicaid, they have Louisiana Medicaid as a secondary payer. For services billable to Medicaid, claims remittance advice will show a QM claim adjustment code indicating that cost-sharing cannot be billed to the patient and the amount billable to Medicaid as secondary payer. Providers may not attempt to collect additional reimbursement from D-SNP patients whose Medicaid benefits cover **all** Medicare cost-sharing components. These patients aren't responsible for Medicare cost-sharing under CMS regulations. Medicare cost-sharing includes the deductibles, coinsurance and copays included as part of Medicare Advantage plans. Determine which of your D-SNP patients are responsible for cost-sharing on our Provider Portal, www.peopleshealth.com/providerportal.
